ANESTHESIOLOGY

Volume 9

INDEX TO SUBJECTS

* Asterisk indicates titled subjects of articles

Acetanilid, potency of, 279
Acetophenetidin, 279
Acetylsalicylic acid, potency of, 279
Air embolism, prevention of, 658
Airway after basal narcosis, 645
Albee-Compter table, adaption of, 58*
Alcohol addiction, anesthesia during, 382
Amidone (see methadon)
Aminopyrine, potency, 279
Amphetamine after intravenous anesthesia, 650
Analeptics, after basal narcosis, 648
Anesthesia,
  basal, 524*, 644*
  block,
    brachial, 281*
    differential spinal, 614*
    epidural, 601*
    paravertebral, 538
    spinal differential, 614*
    spinal epidural, 601*
    with balanced anesthesia, 538*
  centennial in Great Britain, 358*
  continuous caudal, 405
  continuous spinal, 402
    modified technic, 288*
    therapeutic use of, 229*
  endobronchial, 422*
  for alcohol addicts, 382
  for children, 32, 319
    apparatus for, 88
    basal, 524*
    pulse during, 573*
  for cleft palate surgery, 32*
  for dentistry, 391
  for eye surgery, 151
  for facial surgery, 303*
  for fenestration operation, 644*
  for fractured mandible, 381*
  for maxillo-facial surgery, 62*, 381*
  for neurosurgery, 145
  for obstetrics, 73*
    regional, 404
  for orthopedic surgery, 656
  for patent ductus surgery, 42*
  for plastic surgery, 303*
  for thoracic surgery, 183*, 537*, 623*, 637*
  for throat surgery, 151
  for tuberculous patients, 637*
  history of, 92, 94, 239*, 358*
  in Czechoslovakia, 318
  intratracheal, 32*
    induction for, 62*
    semi-open, 315
    sequelae, 490*
  intravenous,
    after basal narcosis, 646
    for facial surgery, 307
  local, for facial surgery, 305
  mental suggestion as aid to, 472*
  music with, 391*
  records, 121*
  regional,
    for facial surgery, 306
    for obstetrics, 404
    trends in, 400*
  repeated, 198
  spinal,
    blood pressure during, 258*, 605
    complications, 440
    effect on intramuscular pressure, 258*
    effect on skin temperature, 258
    for obstetrics, 405
    trends in, 400*
    with monocaine formate, 430*
    with procaine pontocaine solution, 434*
  spray, before intubation, 624
  transfusion reactions during, 348
Anesthesiologists, billing of patient by, 652*
Anesthetics,
  local, 411
    new piperidine derivatives, 373*
    peppermint flavored, 38
  topical, 412
Anoxia,
  during thoracic surgery, 184
  effect of oxygen on, 27
Antipyrine, potency of, 279
Apnea, treatment of, 29
Apomorphine, use in obstetrics, 79
Apparatus,
  acrylic tracheotomy adapter, 441
  arm board, specifications for, 443
  arterial bleeding, 499

blood transfusion, agitator, 91
cabinet, 88
cart for mattress, 313
endobronchial airway, 422*
stilet, 553
intratracheal, 88
keysort cards, 121*
Moore introducer, modified, 549
non-rebreathing valve, 550
table for thoracic surgery, 58*
tracheotomy adapter, 441
Apprehension, effect on pulse rate, 575, 580
Arterial bleeding, controlled, 498*
Asthma, treatment, 29
Atropine sulfate,
curare antagonism, 251
effect on laryngospasm, 66, 68
effect on pain threshold, 463

Barbiturates,
analgesic effects of, 276*
basal narcosis with, 644
cross tolerance of, 532*
hypnotic actions of, 276*
use in obstetrics, 78
Basal narcosis, 644*
Bleeding, arterial, controlled, 498*
Blood gases, effect of cyclobutane on, 597
Blood pressure,
after basal narcosis, 645
control of, by bleeding, 498*
diastolic, high, 655
during spinal anesthesia, 258*
effect of cyclobutane, 595
effect of drugs on, 605*
effect of posture on, 555
Blood transfusion,
agitator for, 91
children, 37
donors, selection of, 296*
exchange, 296*
reactions to, 345*
during anesthesia, 348
treatment, procaine, 519
Brain,
effect of anoxia on, 184
oxygen consumption of, 22
Bronchi, caliber of, effect of drugs, 159*
Burns, treatment of, procaine, 519

Carbogen, postoperatively, 648
Carbon dioxide absorption,
control of temperature during, 197
regeneration of soda lime following, 11*
Carbon dioxide tensions, 24
Chicago Keysort records, 121*
Children,
anesthesia for, 32, 319
basal, 524*
intratracheal, 32*
pulse during, 573*
transfusion for, 37
Chloroform, centennial of, 1*
Cocaine,
before intubation, 68
compared to methadon, 116
peppermint flavored, 88
Codeine,
potency of, 279
intravenously, effect on dose of pentothal, 647
Complications,
abducens nerve, 440
after barbiturates, 78
after cleft palate operations, 38
after intravenous anesthesia, 648, 650
after intubation, 490*, 554
after maxillofacial surgery, 67
after patient ductus arteriosus operations, 46
after thoracic surgery, 629
during intubation, 656
neurologic, 439
Coramine, after anesthesia, 648
Curare,
adjustment of statements regarding, 320
antagonism to, 251*
before induction of anesthesia, 624
effect on bronchi, 159*
in oil, 506
overdosage, treatment, 256
prolongation of action of, 506*
with pentobarbital sodium, 11*
with pentothal, 141*, 637*
Curare-like drugs, effect on bronchi, 159*
Cyclobutane, 594*
Cyclopropane, effect on pulse rate, 578

d-Amphetamine, effect on pain threshold, 461
d-Desoxyephedrine, 605*
Delvinal sodium,
cross tolerance, 532*
toxicity, seasonal variations, 418*
Demerol,
analgesia, effect of epinephrine on, 464
for patients sensitive to morphine, 285*
in basal narcosis, 650
potency, 279
Dermatitis medicamentosa, after barbiturates, 650
Desoxyn (see d-desoxyephedrine)
Dexadrine (see d-amphetamine)
Dextrose-glucose with curare, 506*
Diaphragm, paralysis of, 48*
Dibenamine, effect on pain threshold, 467
Dihydromorphinone hydrochloride, potency, 279
Diisopropylfluorophosphate, effect on pain threshold, 466
6-Dimethylamino 4,4-diphenyl-3-heptanone, (see methadon)
3-(2,6-Dimethylpiperidino) propyl salicylate, anesthetic
potency of, 379

Dolophine (see methadon)
Drugs,
  respiratory stimulant, after thoracic surgery, 186
  vasoconstrictor, 412
  vasopressor, 605*
d-Tubocurarine, (see curare)

Editorials, 86, 195, 311, 437, 547, 652
Embolism treatment, 229*
Ephedrine,
  comparison of action, 607
  curare antagonism, 251
Epidural space, 601
Epinephrine, effect on pain threshold, 459*
Erythroblastosis foetalis, 175*
  selection of donors, 296*
Eserine salicylate, curare antagonism, 251*
Ether,
  centennial in England, 239
  effect on pulse rate, 578
  specific heat of, 443
Extubation, 65

Fear, effect on pulse rate, 580
Flagg's sign, 48

Gas tensions, 25
Gelatin-dextrose with curare, 506*
Glucose,
  after intravenous anesthesia, 648
  during pentothal anesthesia, 71
Granuloma, of larynx, 554
Gravity, effect on respiration, 134

Heart,
  disease, treatment, 29
  during anesthesia, 573*
  effect of anoxia on, 184
  effect of cyclobutane on, 597
  effect of pentothal on, 317
  effect of procaine on, 517
History, chloroform, 1*
Hr factor, 175*
Hydrogen peroxide, parenteral administration of, 162*
Hypnotism, value in anesthesia, 474

Intratracheal tubes, sizes, 34
Intubation,
  after fractured mandible, 383
  after pentothal-curare, 145
  for thoracic surgery, 624
  induction for, 11*, 624
  of children, 33*
  of conscious patient, 656
  pentothal induction for, 62*
Isonipicaine (see meperidine)

Liver,
  effect of cyclobutane on, 597
  effect of pentothal on, 69, 71
  effect of procaine on, 481*

Mental suggestion, aid to anesthesia, 472*
Meperidine, comparative anesthetic properties of, 115
Methadon, 585*
  effect on pain threshold, 462, 464
  local anesthetic properties of, 115*
2-Methyl-amino-heptane (see oenethyl)
4-(4-methylpiperidino)-2-butyl benzoate, 379
3-(2-methyl piperidino) propyl p-butoxybenzoate, 379
3-(2-methylpiperdino) propyl p-cyclohexyloxy benzoate, 379
Metrazol, after pentothal anesthesia, 65, 648
Metycaine, derivatives of, 373*
Monocaine formate, spinal anesthesia with, 430*
Morphine sulfate,
  analgesia, effect of epinephrine on, 464
  potency, 279
  sensitivity, use of demerol, 285*
Muscle spasm, effect of intravenous procaine on, 521
Music, with anesthesia, 391*

Nembutal (see pentobarbital sodium)
Neostigmine methyl sulfate, curare antagonism, 251*
Nitroglycerine, effect on pain threshold, 462
Nitrous oxide,
  music with, 391*
  with oxygen in same cylinder, 392
  with pentothal-curare-oxygen, 637*

Octin, 606
Obstetrics, anesthesia for, 73*
Oenethyl, 605
Oxygen,
  consumption, 21
  effect on bleeding, 69
  parenteral administration of, 162*
  physiologic effects of, 24
  tensions, 24
  therapy, 21*
  toxic effects, 26

Pain,
  effect of differential spinal block, 614*
  effect of epinephrine on, 459
  postoperative, 311
Paraplegia, after general anesthesia, 439
Patent ductus arteriosus, operations for, anesthesia, 42*
Pentobarbital sodium,
  analgesic action of, 278
  basal narcosis with, 644
  cross tolerance with delvinal, 532*
  in obstetrics, 73
Pentothal sodium,
  after basal narcosis, 646

analgesic properties of, 278
before intubation, 11, 62*
effect on heart, 317
effect on liver, 69, 71
rectal administration, 524*
Pentothal-curare solution, 141*, 637*
Peppermint, with local anesthetics, 88
Phenobarbital sodium, 278
Phlebothrombosis, after venipuncture, 650
Picrotoxin, after intravenous anesthesia, 648
Piperidine derivatives, anesthetic properties of, 373*
Pitkin's menstrum, 506, 509
Pontocaine hydrochloride,
for brachial block, 281*
peppermint flavored, 88
Pontocaine-procaine solution, 434*
Posture,
effect on blood pressure, 555
effect on respiration, 134*
effect on vital capacity, 134*
Premedication,
effect on pulse rate, 577
for obstetrics, 73*
Pressure breathing, 21*
Procaine hydrochloride,
effect on heart, 517
effect on liver function, 481*
intravenously, 481*, 514*
effect on thrombophlebitis, 520
effect on muscle and nerve, 188*
effect on muscle spasm, 520
in thoracic surgery, 516
sympathetic effect of, 520
therapeutic uses of, 517
resistance to, 313
topical application, 516
Procaine-pontocaine solution, spinal anesthesia with, 434*
Prostigmine, after curare-pentothal, 145
Pruritis, effect of procaine, 518
Psychotherapy, relation to anesthesia, 472*
Pulmonary edema,
after barbiturates, 78
treatment, 29
Pulse,
pressure, absence of, 655
rate, during anesthesia, 573*
Records, anesthesia, 121*
Respiration, effect of posture on, 134*
Rh factor, 175*

Scopolamine hydrobromide, use in obstetrics, 76*
Seasons, effect on toxicity of delvinal, 418*
Seconal sodium,
analgesic properties of, 278
for obstetrics, 77
Soda lime, regeneration of, 15*
Sodium benzoate, effect on muscle and nerve, 188*
Sodium hydroxide, 17
Sodium salicylate,
effect on muscle and nerve, 188*
potency, 279

Tachycardia, in children, 573*
Technics,
arterial bleeding, 499
basal anesthesia with pentothal, 526
brachial block, 281*
bronchial measurement, 159
continuous spinal, modified catheter, 288*
curare-pentothal solution, 144
endobronchial intubation, 424
epidural block, 602*
intubation for fractured mandible surgery, 383*
intubation of children, 33
low spinal block, 430
music with anesthesia, 395
paravertebral block, 538
pentothal before intubation, 64
spinal anesthesia, 435
Temperature,
of inspired air, 197
skin, effect of spinal block, 258*
Thiopental sodium (see pentothal sodium)
Thrombophlebitis, effect of procaine, 520
Tuamine sulfate, 606

Urticaria, effect of intravenous procaine, 519

Vasospasm, effect of spinal anesthesia, 229*
Vital capacity, effect of posture, 134*

INDEX OF AUTHORS AND TITLES OF ORIGINAL ARTICLES

PAGE

Adelman, M. H.:
Anethesia in surgery of the patent ductus arteriosus 42
Adriani, John:
Prolonging the effects of curare with gelatin-dextrose mixtures: a preliminary study 506
Alexander, F. A. D.:
Anesthesia for thoracoplasty, the use of a pentothal-curare mixture supplemented with nitrous oxide-oxygen. Preliminary report. 637
Andersch, Marie A.:
Anesthesia. XXX. The anesthetic

properties of cyclobutane; a preliminary report 594
Arrowood, Julia G.:
Differential spinal block. V. Use in the investigation of pain following amputation 614

Baird, J. W.:
Pentothal-curare solution: A preliminary report and analysis of its use in 160 cases 141
Barbour, C. M.:
Experiences with procaine administered intravenously 514
Bourne, Wesley:
Impressions of the centenary celebrations of anaesthesia in Great Britain 239, 358
Brancato, G. J.:
Erythroblastosis foetalis caused by double sensitization to the factors rh'' and Hr' 175
Burnap, R. W.:
Basal anaesthesia in children using sodium pentothal by rectum 524
Burke, J. C.:
Eserine and neostigmine antagonism to d-tubocurarine 251
Butler, W. J.:
An evaluation of monocaine formate in the production of low spinal anesthesia 430

Cann, J. E.:
Continuous spinal anesthesia: a modification of the ureteral catheter technic 288
Carmichael, E. B.:
Mutual cross tolerance and tolerance studies with pentobarbital and delvinal sodium in rats 532
Seasonal variations of the LD_{50} of delvinal sodium for both young and old rats 418
Carney, T. P.:
New Piperidine derivatives as local anesthetics 373
Carr, C. J.:
Anesthesia. XXX. The anesthetic properties of cyclobutane: a preliminary report 594
Carron, H.:
Pentobarbital sodium-curare induction for endotracheal intubation. 11
Carter, H. R.:
The role of epinephrine in analgesia 459
Cassels, W. H.:
Diaphragmatic paralysis 48
The Chicago keysort anesthesia record 121
Chen, K. K.:
New piperidine derivatives as local anesthetics 373
Cherry, Harry:
Music as a supplement in nitrous oxide-oxygen anesthesia 391
Christensen, Eunice M.:
The role of epinephrine in analgesia .. 459
Collins, V. J.:
Editorial: The anesthetist's second power 437
Endotracheal anesthesia with sodium pentothal for maxillofacial surgery: report on 48 cases 62
Conroy, W. A.:
The Chicago keysort anesthesia record 121
Coon, J. M.:
Effect of procaine on liver function. An experimental and clinical study ... 481
Cullen, S. C.:
Pentobarbital sodium-curare induction for endotracheal intubation..... 11

David, N. A.:
Clinical experience with methadon (dolophine) 585
De Vries, A.:
Regulation of blood pressure during spinal anesthesia: observations on intramuscular pressure and skin temperature 258
Donnelly, W. A.:
Local sequelae of endotracheal anesthesia as observed by examination of one hundred patients 490
Dripps, R. D.:
A new method for recording the effect of various agents upon the caliber of the human bronchial tree 159

Editorial 547
Editorial:
Asociacion Argentina de Anestesiologia 195
Postoperative pain 311
Responsibilities of the anesthesiologist: billing the patient 652
Estable, J. J.:
The action of procaine, salicylate and benzoate of sodium on the excitability of skeletal muscle and of nerve 188
Everett, F. G.:
The local anesthetic properties of amidone (dolophine) 115

Fisher, Katherine:
Anesthetic management for surgery within the thorax: a report of 309 cases 623
Foregger, Richard:
The regeneration of soda lime following absorption of carbon dioxide 15
Frank, Muriel N.:
Eserine and neostigmine antagonism to d-tubocurarine 251

Gain, E. A.:
Basal anaesthesia in children using sodium pentothal by rectum 524

Gittelson, L. A.:
Diaphragmatic paralysis 48
Greif, E. W.:
Anesthesia for thoracoplasty: the use of a pentothal-curare mixture supplemented with nitrous oxide-oxygen. Preliminary report 637
Grem, F. M.:
Local sequelae of endotracheal anesthesia as observed by examination of one hundred patients 490
Gross, E. G.:
The role of epinephrine in analgesia 459
Grossman, A. A.:
Local sequelae of endotracheal anesthesia as observed by examination of one hundred patients 490
Grove, Dwight:
Endobronchial anesthesia by means of an improved endobronchial airway 422

Hale, D. E.:
Controlled hypotension by arterial bleeding during operation and anesthesia 498
Hart, E. R.:
The analgesic and hypnotic actions of barbiturates 276
Hebert, C. L.:
Balanced anesthesia in thoracoplasty .. 537
Hellijas, C. S.:
Trends in regional anesthesia 400
Heringman, E. C.:
Prolonging the effects of curare with gelatin-dextrose mixtures, a preliminary study 506
Hershenson, B. B.:
Premedication and anesthesia in obstetrics: Practical aspects 73
Hershey, S. G.:
The anesthetic management of patients with fracture of the mandible 381
Holland, Helen:
The role of epinephrine in analgesia 459

Jackson, Katherine:
Tachycardia in children during anesthesia 573
Jacoby, J. J.:
Effect of procaine on liver function. An experimental and clinical study... 481
Studies on the parenteral administration of hydrogen peroxide 162
Johnson, W. R.:
Pentothal-curare solution: A preliminary report and analysis of its use in 160 cases 141

Kehoe, R. A.:
Rationale and hazards of pressure breathing and oxygen therapy 21
Keown, K. K.:
Endobronchial anesthesia by means of an improved endobronchial airway ... 422
Kester, H. A.:
Endotracheal anesthesia for operations on cleft lip and cleft palate 32
Kindschi, D. K.:
I. The centennial of chloroform 1
Kirchhof, A. C:
Clinical experience with methadon (dolophine) 585
Krantz, J. C., Jr.:
Anesthesia. XXX. The anesthetic properties of cyclobutane: a preliminary report 594

Landmesser, C. H.:
A new method for recording the effect of various agents upon the caliber of the human bronchial tree 159
Lawrence, E. D.:
Spinal epidural block 601
Lee, L. D.:
Anesthetic management for surgery within the thorax: a report of 309 cases 623
Leigh, M. D.:
Endotracheal anesthesia for operations on cleft lip and cleft palate 32
Linegar, C. R.:
Eserine and neostigmine antagonism to d-tubocurarine 251
Livingstone, H. M.:
Effect of procaine on liver function. An experimental and clinical study... 481
Studies on the parenteral administration of hydrogen peroxide 162
Lorincz, A. L.:
Studies on the parenteral administration of hydrogen peroxide 162

Marvin, F. W.:
Spinal anesthesia with a procaine-pontocaine solution: one hundred cases 434
Maurer, E. R.:
Anesthetic problems in thoracic surgery 183
McElvain, S. M.:
New piperidine derivatives as local anesthetics 373
McIntyre, A. R.:
Eserine and neostigmine antagonism to d-tubocurarine 251
Meals, W. G.:
A satisfactory anesthesia for the fenestration operation 644
Milwidsky, H.:
Regulation of blood pressure during spinal anesthesia: observations on intramuscular pressure and skin temperature 258
Moore, D. C.:
Pontocaine hydrochloride for brachial block analgesia: one hundred and fifty cases 281

Murphy, J. D.:
Adaption of the Albee-Comper table to the prone position for thoracic surgery 58

Narodick, B. G.:
The use of demerol in patients sensitive to morphine 285
Nesbit, R. M.:
An evaluation of monocaine formate in the production of low spinal anesthesia 430
Nicholson, M. J.:
Hemolytic transfusion reactions 345

Pallin, I. M.:
Music as a supplement in nitrous oxide-oxygen anesthesia 391

Raginsky, B. B.:
Mental suggestion as an aid in anesthesia 472
Rees, V. L.:
The use of prolonged continuous spinal anesthesia to relieve vasospasm and pain in peripheral embolism 229
Richards, R. C.:
Anesthesia for thoracoplasty: the use a pentothal-curare mixture supplemented with nitrous oxide-oxygen. Preliminary report. 637
Rose, C. L.:
New piperidine derivatives as local anesthetics 373
Rovenstine, E. A.:
The anesthetic management of patients with fracture of the mandible 381
Ruth, H. S.:
Endobronchial anesthesia by means of an improved endobronchial airway ... 422
Ryder, H. W.:
Rationale and hazards of pressure breathing and oxygen therapy 21

Salerno, P. R.:
Effect of procaine on liver function. An experimental and clinical study... 481
Sarnoff, S. J.:
Differential spinal block. V. Use in the investigation of pain following amputation 614
Seldon, T. H.:
D-Desoxyephedrine: a comparison with certain other vasopressor drugs 605
Shaw, W. M.:
Anesthesia for plastic surgery of the face 303
Smith, S. M.:
The use of prolonged continuous spinal anesthesia to relieve vasospasm and pain in peripheral embolism 229
Sollmann, Torald:
The action of procaine, salicylate and benzoate of sodium on the excitability of skeletal muscle and of nerve 188
Steele, J. D.:
The use of demerol in patients sensitive to morphine 285
Stegeman, D. E.:
Anesthetic management for surgery within the thorax: report of 309 cases 623
Stephens, C. R.:
The influence of posture on mechanics of respiration and vital capacity 134
Stodsky, Bernard:
The Chicago keysort anesthesia record 121
Stoelting, V. K.:
Pentobarbital sodium-curare induction for endotracheal intubation 11
Sword, B. C.:
Adaption of the Albee-Comper table to the prone position for thoracic surgery 58

Tovell, R. M.:
Experiences with procaine administered intravenously 514
Trends in regional anesthesia 400
Tuohy, E. B.:
Presidential address 86*

Van Bergen, F. H.:
Pentothal-curare solution: a preliminary report and analysis of its use in 160 cases 141
Vitcha, J. F.:
Anesthesia. XXX. The anesthetic properties of cyclobutane: a preliminary report 594

Watts, E. H.:
Basal anaesthesia in children using sodium pentothal by rectum 524
Weaver, O. M., Jr.:
The analgesic and hypnotic actions of barbiturates 276
Wexler, I. B.:
Antenatal selection of donors for exchange transfusion in erythroblastosis 296
Wiener, A. S.:
Antenatal selection of donors for exchange transfusion in erythroblastosis 296
Erythroblastosis foetalis caused by double sensitization to the factors rh'' and Hr' 175
Woolf, M. P.:
Effect of procaine on liver function. An experimental and clinical study ... 481
Wycoff, C. C.:
Continuous spinal anesthesia: a modification of the ureteral catheter technic 288

Yager, B. B.:
Prolonging the effects of curare with gelatin-dextrose mixtures: a preliminary study 506

Yeakel, E. L., Jr.:
d-Desoxyephedrine: a comparison with certain other vasopressor drugs 605

Young, R. B.:
Anesthetic management for surgery with the thorax: a report of 309 cases 623
